The 73 series introduces four new spectrophotometers to the extensive Jenway range. These spectrophotometers use icon driven software and have an improved navigation system for easy and intuitive usability. The range includes two basic models, 7300 and 7305 and two advanced models, 7310 and 7315. The 7300 and 7305 feature measurement modes for absorbance, % transmittance and concentration.

All of the models in the 73 series range are covered by a three year warranty which includes the xenon lamp. These spectrophotometers are easy to use and ideal for use in education and general QC laboratories.
